LIVING WALL

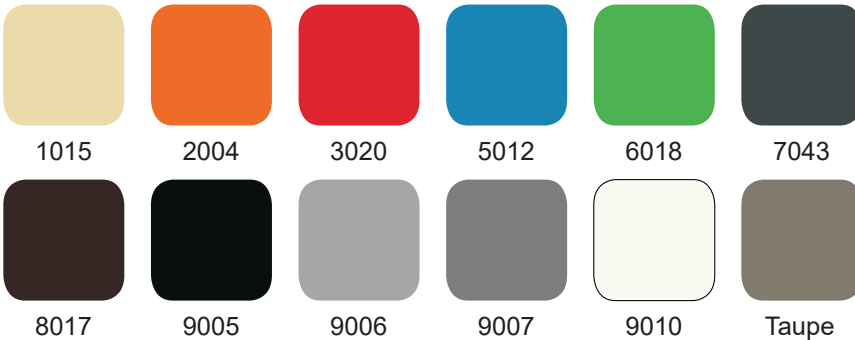

AKILLI SAKSI SİSTEMİ

Akıllı saksı, içerisinde bulunan su haznesi ve genişletilmiş kil sayesinde sulama işlemini kendiliğinden yapan sisteme verilen isimdir. Bitkiler için gerekli su miktarı genişletilmiş kil tarafından düzenli olarak toprağa iletilir ve bu sayede düzenli bir şekilde sulanan bitkiler daha sağlıklı bir gelişim gösterir. Akıllı saksı sisteminde bulunan su sayacı ise saksı içerisinde bulunan su miktarını gösterir, bununla birlikte bitkilerin gereğinden fazla veya az sulanmaları engellenmiş olur. Garden Design ürünlerinin hepsi birer akıllı saksı sistemidir.

RENKLER

Ürünlerimiz parlak ve mat yüzey dokulu olmak üzere 12 standart RAL renkte üretilmektedir. Ölçü ve adet sayısına bağlı kalmadan ürünlerimizi standart renklerimiz dışında arzu ettiğiniz bütün RAL ve PANTONE renk kodlarına göre de temin edebilir ve bu sayede zengin renk seçeneklerimizle projelerinizi size özel bir hale getirebilirsiniz. Kaliteye önem veren bir anlayışla boyanan saksıların RAL ve PANTONE renk kodları uluslararası standartlara uygun olarak belirlenmektedir.
